Fax No. 052-4566571

All committee members and authorized representatives of the prospective bidding firms were welcomed. The attendance sheet of participants and bidders is attached as Annex-A.

It was noted that only financial comparative statements were considered in this session, as the technical evaluation process had already been completed earlier.

Vendor Selection & Financial Evaluation

Based on the financial comparison of bids received, the Procurement / Financial Committee prepared a list of lowest responsive bidders on the basis of standard quoted prices for each approved category.

The Committee recommended award of contracts and issuance of purchase orders to the lowest bidders, subject to:

- I. Availability of allocated budget
- II. Fulfillment of basic eligibility criteria
- III. Compliance with PPRA Rules and departmental procurement procedures

The approved list of categories and vendors is attached separately.

Conclusion

The meeting concluded with unanimous consensus on vendor selection based strictly on financial evaluation. The Committee reiterated the importance of transparency, adherence to procurement rules, budgetary compliance, and timely execution of the procurement process.
